

Proven Product Program

 [wisdombuilders.com/proven-product-program/depression](https://www.wisdombuilders.com/proven-product-program/depression)

“The most common nutritional deficiencies seen in patients with mental disorders are of omega-3 fatty acids, B vitamins, minerals, and amino acids that are precursors to neurotransmitters.”(1)

Find out what’s going on in your life that needs working out (relationships, jobs, environment, attitudes, diet, etc.), and besides addressing these, add the following supplements:

(1) Understanding nutrition, depression and mental illnesses; Indian J Psychiatry. 2008 Apr-Jun; 50(2): 77–82. <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC2738337/>

NeoLife products are not intended to diagnose, treat or cure any disease. (11/2018)

GOOD

Good

BEST

Recommended Diet/Notes:

In the afternoon if someone feels a need for an extra nutritional boost, take 1 Super B, 1 CalMag, 1 MultiMin and 1 Salmon Oil Plus. These nutrients support nerve function. Minimize sugar in diet and focus on a balanced glycemic diet.
